

UPakWeShip Thinking Outside the Box!

Not the usual slogan for a moving company, but then again we are not the usual moving company! In addition to our work experience in moving and shipping we have each lived much of our adult lives overseas and have moved internationally several times. With this experience we feel we have a good idea what you and your family will be going through. No, we don't know everything, but if we cannot answer your questions we will know someone who can.

We realize there is no shortage of companies that can move you overseas. We formed *UPakWeShip* because we realize that many people want a no-frills, economical way to move their goods around the world. Most moving companies make their profits from packing; many have no interest in small shipments or will not offer a discount if you pack boxes yourself. We are not a traditional company and we are happy to work *with* you. We don't like hidden charges or surprises any more than you do; we feel that rates can be both competitive AND all-inclusive. We pride ourselves on our prompt responses and our ability to help you find the moving/shipping solution that will work best for you. Our Website www.upakweship.com is full of information and you can always feel free to call or email us with your questions.

Thank you for your interest in our UPakWeShip services!

UPakWeShip Thinking Outside the Box!

UPakWeShip offers 4 main moving/shipping options:

- 1) **UPakUDeliver:** You bring your packed boxes and furniture to us; we have warehouses in most major cities. We will ship everything overseas for delivery to your residence. In some cases you can save further by collecting everything from the overseas port or warehouse. You will share an ocean-shipping container, paying only for the space that you use.

- 2) **UPakWeCollect:** You pack your boxes and furniture and we will collect everything from your home when we have a truck in your area. We have a large service area and can generally accommodate your chosen date when given a two-week notice. In some cases you can save further by collecting everything from the overseas port or warehouse. You will share an ocean-shipping container, paying only for the space that you use.

- 3) **Air freight:** We will collect your small shipment of packed boxes, suitcases or trunks from your home, or you can deliver it to one of our local receiving terminals. We will ship everything overseas for curbside delivery, or you can collect it yourself from the local airport.

- 4) **UPakAContainer:** UPak and ULoad an ocean-shipping container that we will bring to your home. This is the best option for larger shipments or shipments containing a lot of furniture. In most cases the container can be delivered to your home overseas for you to unload. The container can also be stopped at the ocean port overseas if you would like to arrange your own customs clearance and delivery services. You will pay a lump sum price for the use of the entire 20-foot or 40-foot container.

UPakWeShip Thinking Outside the Box!

Things to think about BEFORE choosing a moving/shipping company:

How long have they been in business? Can they provide references? Are they licensed and bonded by the Federal Maritime Commission? If you are considering a web-based company, be sure they can provide a physical address; many movers on the web are one-man shows operating from their home with little or no guarantees or experience. Make sure any price is all-inclusive and in writing, and that it covers the services you require. Watch for minimum weights or minimum volumes. Watch for rates that exclude destination port charges. Be sure to move with a large organization that is financially stable and has credit with truckers, ocean lines, customs agents and overseas movers; if a moving/shipping company is short on cash your freight could be held overseas to cover old debts!

14 Good Reasons to Move with UPakWeShip:

1) UPakWeShip is a part of the The Euro Group, a privately owned company established in 1988 with a healthy balance sheet and over \$8 Million turnover per annum. 2) Companies within The Euro Group hold USDOT and FMC licenses/bonds and are members of industry organizations such as HHGFAA, AMSA and BAR. (www.shipeuro.com). 3) UPakWeShip, Inc. is an exclusive sales agent for EuroUSA Shipping, an FMC licensed and bonded NVOCC. All ocean paperwork is filed through the FMC under EuroUSA's license number 020099. 4) UPakWeShip is a member in good standing of the Better Business Bureau. 5) Prompt and personal service. 6) Competitive all-inclusive rates. 7) Expertise. 8) Knowledgeable & friendly staff. 9) We specialize in small shipments. 10) Flexible pricing policy. 11) Offices in the US and the UK. 12) The Euro Group is one of the largest movers of household goods across the Atlantic. 13) Services to match your requirements. 14) WE ARE HERE TO HELP YOU!
